

SUSTAINABLE HERITAGE MANAGEMENT EXECUTIVE COURSE

COURSE SYLLABUS

ON-SITE PROGRAMME	
<p>The course will kick-start with a special programme organized onsite in Hong Kong SAR, China. The three-day programme will provide an orientation on the key objectives and tasks of this course. Through this on-site gathering, participants are expected to engage more dynamically with course activities and learning materials in the following classes.</p>	
<p>SITE VISIT 15 JUNE 2023</p>	<p>Participants may choose to join a site visit to selected heritage sites in Hong Kong.</p>
<p>HERITAGE INNOVATION SYMPOSIUM (In collaboration with New World Development) 15 JUNE 2023</p>	<p>Participants are invited to attend a special seminar on innovative approaches to heritage management.</p>
<p>SESSION 1 (A) 16 JUNE 2023</p>	<p>Module 1: Sustainable development (SUS) Aim: Ensuring heritage protection and management activities conform to sustainable development principles and contribute to achieving the Sustainable Development Goals.</p>
<p>SESSION 1 (B) 17 JUNE 2023</p>	<p>Site Visit to Lai Chi Wo</p> <ul style="list-style-type: none"> • Introduction to Lai Chi Wo Rural Landscape • Walking tour of Lai Chi Wo by local heritage experts with onsite lectures and group activities.
INTERACTIVE TUTORIAL SESSIONS & SELF-LEARNING	
<p>This course is a combination of a self-paced online learning and interactive tutorial sessions. Each module consists of a set of pre-recorded lectures and readings followed by real-time online interactive tutorial sessions with the teaching team and other participants.</p>	
<p>SESSION 2 1 JULY 2023</p>	<p>Module 2: Heritage policies, principles, processes and ethics (HER) Aim: Incorporating and implementing heritage principles, charters and conventions at all stages of the heritage management process.</p> <p>Module 3: Applying laws and regulations (ALR) Aim: Ensuring that laws, regulations and rights affecting heritage properties at all levels are upheld.</p>
<p>SESSION 3 8 JULY 2023</p>	<p>Module 4: Community, rights and knowledge (CRK) Aim: Ensuring the realization of the rights of local communities and integrating traditional knowledge into conservation processes and actions.</p> <p>Module 5: Heritage education and interpretation (HED) Aim: Ensuring that local stakeholders, visitors, decision-makers and the wider public are aware of heritage properties, their purposes and values, and how they are governed and managed.</p>

CAPSTONE PROJECT

Once the online learning of all modules is completed, participants will conduct a self-directed exercise concerning their own heritage projects/sites. The Capstone Project will consist of the following:

- Preparing an individual portfolio that demonstrates the progress, achievements and abilities related to the Core Competences in cultural heritage management.
- Developing a Sustainability Action Plan for a selected heritage project/site.

ASSESSMENT

The course will culminate with a **competence-based assessment process** that allows the participants to benchmark their skills and knowledge in heritage management. An invited group of panelists will assess the participants through a written exam, a portfolio of work, a project presentation, and an interview.

Participants may only sign up for the assessment sessions.

ASSESSMENT SESSIONS

12, 13, 19 & 20 AUGUST
2023
(dates to be confirmed)

The assessment will provide a way to recognize prior learning and accumulated experience, and consist of a written exam, a portfolio of work, a project presentation, and an interview by a panel of experts.
